In-depth courses

Manage Subscriptions and Resources
AZ-100T01

Implement and Manage Storage
AZ-100T02

Deploy and Manage Virtual Machines
AZ-100T03

Configure and Manage Virtual Networks
AZ-100T04

Manage Identities
AZ-100T05

Microlearnings: free interactive tutorials at Microsoft Learn

Azure Fundamentals

9H 39M - 12 Modules

1. Principles of cloud computing
2. Introduction to Azure
3. Azure architecture and service guarantees
4. Create an Azure account
5. Manage services with Azure portal
6. Azure compute options
7. Azure data storage options
8. Azure networking options
9. Security, responsibility and trust in Azure
10. Apply and monitor infrastructure standards with Azure Policy
11. Control and organize Azure resources with Azure Resource Manager
12. Predict costs and optimize spending for Azure

Secure your cloud data

2H 49M - 4 Modules

1. Design for security in Azure
2. Top 5 security items to consider before pushing to production
3. Manage secrets in your server apps with Azure Key Vault
4. Secure your Azure resources with conditional access

Administer infrastructure resources in Azure

9H 25M - 10 Modules

1. Introduction to Azure Virtual Machines
2. Create a Linux virtual machine in Azure
3. Create a Windows virtual machine in Azure
4. Manage virtual machines with the Azure CLI
5. Keep your virtual machines updated
6. Configure the network for your virtual machines
7. Build Azure Resource Manager template
8. Add and size disks in Azure virtual machines
9. Caching and performance in Azure storage disks
10. Secure your Azure virtual machine disks

Manage resources in Azure

3H 29M - 4 Modules

1. Align requirements with cloud types and service models in Azure
2. Control Azure services with the CLI
3. Automate Azure tasks using scripts with PowerShell
4. Predict costs and optimize spending for Azure

Administer containers in Azure

1H 37M - 2 Modules

1. Build and store container images with Azure Container Registry
2. Run Docker containers with Azure Container Instances

Become a Microsoft Certified Professional

Certification helps establish your credentials with current and future employers.

Exam AZ-103: Microsoft Azure Administrator

Pass [certification exam AZ-103](#) to become a Microsoft Certified Azure Administrator Associate.
